233RD ANNUAL REPORT

CORNISH, NEW HAMPSHIRE

MARCH 2000

• NOTICE •

TO DOG OWNERS:

- **Rabies Clinic -**

April 1, 2000 • 10 am-12 noon • Fire Station - Rt. 120 • Cornish Flat

- All dogs over three months of age must be registered by May 1 st..
- Legal rates: males and females \$9.00 neutered males \$6.50, spayed females \$6.50. Owner over 65 \$2.00 for first dog, regular rates for additional dogs.
- Rabies certificates required for registration.
- Failure to register makes owners liable for a \$15.00 fine and a \$1.00 penalty per month after June 1st. It's the law!
- Owners are liable for free running dogs. If in doubt, check the state statutes RSA:466. The penalties are severe.

TO PROPERTY OWNERS:

- The law provides that those who do not return their inventory forms by April 15 not only lose their right to appeal their taxes but are now subject to a fine of not less than \$10.00 but up to and not over \$50.00.

TO THOSE BUILDING NEW OR MAKING CHANGES:

- The Town building code requires permits to construct or remodel any building. There are exceptions. Check first with the Selectmen.

TO THOSE OPERATING IN OR NEAR WETLANDS OR WATERWAY:

- RSA 438-A A Dredge & Fill application must be filed with the Town Clerk before commencing work. Fines can be assessed for noncompliance.

*Your cooperation in the above matters will save time & money
for you and cut costs of town government.*

2000 WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Cornish, in the County of Sullivan, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the School Gymnasium in said Cornish on Tuesday, the 14th of March, at 10:00 of the clock in the forenoon, to act upon the following subjects:

Articles 1 and 2 of the Warrant will be acted upon at 10:00 a.m. Voting will be by official ballot and checklist, and the polls will be open for this purpose and will remain open from 10:00 a.m. until 7:00 p.m., at which time the polls will close. The business portion of Town Meeting will begin at 12:00 noon. Articles 3 through 20 will be acted upon at that time.

Article 1: To choose all necessary Town Officers for the ensuing year.

Article 2: Are you in favor of the adoption of an amendment to the Town Zoning Ordinance as proposed by the Planning Board as follows: To amend the Zoning Ordinance to permit expansion of existing, nonconforming uses and/or structures located within the Regulatory Floodplain Overlay District which do not constitute a substantial improvement and to add floodplain related definitions. This amendment is submitted by and has the approval of the Planning Board. A copy of the amendment is available at the Town Clerk's Office.

Article 3: To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

(a)	Town Office	51,800
(b)	Election, Registration, Vital Statistics	3,800

(z5)	Interest-Tax Anticipation Notes	2,000
(z6)	Public Library Fund	10,095
(z7)	County Tax	Necessary Amount

Article 4: To see if the Town will vote to raise and appropriate the sum of \$3,000 to be placed in the Conservation Commission Fund. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 5: To see if the Town will vote to raise and appropriate the sum of \$35,000 to be placed in the Highway Heavy Equipment Capital Reserve Fund. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 6: To see if the Town will vote to raise and appropriate the sum of \$13,000 to be placed in the Fire Department Capital Reserve Fund. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 7: To see if the Town will vote to raise and appropriate the sum of \$4,000 to be placed in the Police Department New Police Cruiser Capital Reserve Fund. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 8: To see if the Town will vote to raise and appropriate the sum of \$10,000 to be placed in the Appraisal Capital Reserve Fund. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 9: To see if the Town will vote to raise and appropriate the sum of \$10,000 to be placed in the Town Bridge Capital Reserve Fund. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 10: To see if the Town will vote to raise and appropriate the sum of \$309,670 for the maintenance of Class V Highways and Bridges, and snow removal from town buildings and school grounds. The sum of \$223,634 shall be raised by taxes for the maintenance of Class V Highways and Bridges (and above-mentioned snow removal), and the balance of \$86,036 to be received from the State as Highway Block Grant Funds for special maintenance projects on Class V Highways and Bridges. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 11: To see if the Town will vote to raise and appropriate the sum of up to \$26,000 for the purchase of a new police cruiser and to authorize the withdrawal of up to \$19,000 from the New Police Cruiser Capital Reserve Fund established for this purpose, the remaining balance to be derived by the sale or trade of the existing police cruiser. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 12: To see if the Town will vote to raise and appropriate the sum of \$6,200 for replacement of the culvert running from Fuller Pond across school property/fairgrounds to North Parsonage Road. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 13: To see if the Town will vote to raise and appropriate up to the sum of \$25,000 to make improvements in the Town Forest and to authorize the expenditure of gifts, grants or proceeds of a timber harvest for this purpose. Any additional revenues from the timber harvest shall be placed in the Town Forest Maintenance Fund RSA 31:113. No part of this appropriation will come from tax dollars. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 14: To see if the Town will vote to establish a Library Capital Reserve Fund and to raise and appropriate the sum of \$2,000 to be placed in said fund. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 15: To see if the Town will vote to raise and appropriate the sum of up to \$18,000 for the purchase of a property assessment statistical update and to authorize the withdrawal of said sum from the Appraisal Capital Reserve Fund established for this purpose. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 16. To see if the Town will vote to adopt the following:

The Citizens of Cornish, New Hampshire call upon the US government and governments of all nuclear weapons states to secure on an urgent basis a nuclear weapons abolition treaty. The treaty must include an early timetable for the elimination of nuclear weapons in a manner that is mutual and verifiable among all nations.

We further urge our state senators and representatives to introduce a resolution to this effect and send it on to the New Hampshire Congressional delegation for immediate action. (Submitted by Petition.)

Article 17. To see if the Town will vote to instruct the Moderator to appoint a Town Administration Study Committee of at least three (3) but no more than seven (7) members to study alternative ways to administer the Town's business and to report back at the 2001 Cornish Town Meeting, said report to be printed in the Town Report for that meeting. (Submitted by Petition.)

Article 18: To see if the Town will vote to authorize the prepayment of taxes and to permit the Tax Collector to accept prepayment of taxes as authorized under RSA 80:52a. (Submitted by the Selectmen.) (The Selectmen recommend passage of this Article.)

Article 19: To hear reports of Officers, Agents, Auditors and Committees heretofore chosen, and pass any vote in relation thereto.

Article 20 : To transact any other business that may legally come before this meeting.

Given under our hand and seal this 18th day of February, in the year of our Lord Two Thousand.

The motion was seconded by Betty Caterino. Larry Dingee moved to amend the main motion from \$283,320 to \$309,670 and \$204,067. be increased to \$230,417. The motion was seconded by Alan Penfold and voted on in the affirmative.

Article 15: Stuart Hodgeman moved the Town vote to authorize the prepayment of taxes and to permit the Tax Collector to accept prepayment of taxes as authorized under RSA 80:52a. The motion was seconded by Bob Maslan and voted on in the affirmative.

Article 16: Dale Rook moved that the Town vote to expend the sum of up to \$94,000 for the purchase of a new loader and to authorize the withdrawal of up to \$82,000 from the Highway Heavy Equipment Capital Reserve Fund established for this purpose, the remaining balance to be derived by the sale or trade of the existing loader. The motion was seconded by Betty Abbott and voted on in the affirmative.

Article 17: Eric Webb moved that the Town vote to establish a Town Forest on land recently acquired on Root Hill Road (Map 5, Lot 6, 270 acres) pursuant to the provisions of RSA 31:110. The motion was seconded by Dale O'Connor. Eric Webb moved that the Town establish a Town Forest on the land recently acquired (or soon to be Acquired) from The Society for the Protection of New Hampshire Forests on Root Hill Road (Map 5, Lot 6, 270 acres) pursuant to the provision of RSA 31:110 and that the town meeting designate the Conservation Commission as the forestry management committee pursuant to RSA 31:112:II. The motion was seconded by Rickie Poor. A hand count was done the results being: Yes = 45 No = 66. The main motion was then voted on in the affirmative. The Selectmen will appoint a Town Forest Committee per RSA 31:110.

Article 18: Bill Gallagher moved that the Town vote to raise and appropriate up to the sum of \$10,000 to make improvements in the Town Forest established pursuant to Warrant Article 17 and to authorize the expenditure of proceeds of a timber harvest for this purpose. Any additional revenues from the timber harvest shall be placed in the Town Forest Maintenance Fund. RSA 31.113. No part of this appropriation will come from tax dollars. The motion was seconded by Gail McKenzie. There was much discussion regarding a timber harvest and hurrying into decisions. Bill Gallagher wanted the record to show that he is opposed to this rush. A hand vote was done with the results being YES 56 NO 51. (The Selectmen will appoint a Town Forest Committee per RSA 31:110.)

Article 19: Larry Dingee made a motion to pass over this article to raise and appropriate the sum of \$1000 for the purchase of an update for the payroll program purchased in 1989. This sum is added into article 6A. The motion was seconded by Bob Maslan and voted on in the affirmative.

Article 20: Larry Dingee made a motion to accept reports of Officers, Agents, Auditors, and Committees heretofore chosen. The motion was seconded by Stuart Hodgeman and voted on in the affirmative.

Article 21: Other Business: Dale Nicholas made a motion that the Fence Views be: Kay Kibbie, Leo Maslan, Alan Penfold and Fred Sullivan. The motion was seconded by Robert Kibbie and voted on in the affirmative.

Bill Caterino made a motion to have the same people for Surveyors Of Wood Bark and Lumber. The people being Orville Fitch, Reyer Jaarsma, Leo Maslan, James Neil, Robin Waterman and Fred Weld. Also to be included in that group would be the Conservation Commission. Bernice Johnson seconded the motion and it was voted on in the affirmative.

Bernice Johnson moved that the Hog Reeves be Jill Johnson and Charles Meyers, Ted Doyle and Barbara Lewis. The motion was seconded by Doug Thayer and voted on in the affirmative.

Terry Scott made a motion to adopt a resolution calling for meaningful campaign finance reform by urging the General Court of New Hampshire, The United States Congress and the President of the United States to support and pass meaningful laws reforming electoral campaign financing. Meaningful reform will:

- return the political process to the will of the people
- encourage participation by qualified candidates with limited means
- reduce the influence of moneyed special interest on elections and lawmaking
- restore the principle of "one person, one vote" to election.

The motion was seconded by Larry Dingee and voted on in the affirmative.

Stuart Hodgeman said that The Board of Selectmen supports Newport's efforts to bar the sale and expansion of the solid waste area located in Claremont. The Selectmen wanted to know if there was any opposition. There was not comment from anyone.

Bill Caterino made a motion to adjourn the business portion of the meeting at 4:50 PM. The motion was seconded by Bob Maslan and voted on in the affirmative.

Respectfully submitted,
Reigh Helen Rock

Town Clerk

INDEPENDENT AUDITOR'S REPORT

To the Members of the
Board of Selectmen
Town of Cornish
Cornish, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Cornish as of and for the year ended December 31, 1998 as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

Except as discussed in the following paragraphs, we conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Government Accounting Standards Board Technical Bulletin 98-1, *Disclosures about Year 2000 Issues*, requires disclosure of certain matters regarding the year 2000 issue. The Town of Cornish has included such disclosures in Note 6C. Because of the unprecedented nature of the year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Accordingly, insufficient audit evidence exists to support the Town of Cornish's disclosures with respect to the year 2000 issue made in Note 6C. Further we do not provide assurance that the Town of Cornish is or will be year 2000 ready, that the Town of Cornish's year 2000 remediation efforts will be successful in whole or in part, or that parties with which the Town of Cornish does business will be year 2000 ready.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Town of Cornish has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

Town of Cornish
Independent Auditor's Report

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, along with the effects of such adjustments, if any, as might have been determined to be necessary had we been able to examine evidence regarding year 2000 disclosures, as noted above, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Cornish, as of December 31, 1998, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Town of Cornish taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Cornish. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

INDEPENDENT AUDITOR'S COMMUNICATION OF REPORTABLE CONDITIONS AND OTHER MATTERS

To the Members of the
Board of Selectmen
Town of Cornish
Cornish, New Hampshire

In planning and performing our audit of the Town of Cornish for the year ended December 31, 1998, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

We are pleased to report that, during the course of our review of internal controls, no material weaknesses in the Town's accounting systems and records were identified. Minor weaknesses or other considerations coming to our attention were generally procedural in nature and dealt with administrative or recordkeeping practices. In these instances, we made specific recommendations or provided instruction to those individuals involved during the course of our audit fieldwork.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

Fish & Game	1134.25
Vital Statistics Fees	320.00

TOTAL \$218,581.49

Total money paid to Town Treasurer \$218,581.49

It was another banner year for money received for registrations etc. The total increase being \$21,630.92 over 1998.

There was another wonderful research job done by Teenie Rock this year. I had a request to gather information regarding a road closing which meant researching warrants and the coinciding Town meeting minutes to see what the results were. This prompted Teenie to copy all the warrants and the meeting minutes and put them in chronological order. So if anyone has questions regarding Town meeting results , we have it! Thanks Teenie.

As always it is a pleasure to serve the residents of Cornish.

Respectively submitted,
Reigh Helen Rock
Town Clerk

TOTAL

4,145,800

Selectmen's Report 1999

This year property taxes were a hot topic. The end result was a \$4.24 per thousand reduction from last year. The third billing added some unnecessary confusion but allowed the Town to meet obligations without borrowing any money. Thanks to Reigh Rock for her extra efforts of billing, accounting, and answering questions.

Mother Nature treated us with a mild spring and winter. We had no major disasters for the Highway Department to handle. Planned projects were completed and money set aside for snow-plowing has been carried forward for additional center road work in 2000. Art LaClair was hired as a fifth crew member but moved on and has been replaced by Bryan Bartlety. The Highway Equipment Committee deliberated long and hard on purchasing a new bucket loader. Everyone is pleased with their choice.

Our Fire Chief, Nate Cass, was reappointed for another three year term in the fall.

Our Police Department of part-time officers has been active and functions well. We will seek a new officer this year.

The Cemetery Department quietly keeps all our cemeteries in outstanding shape - Thanks Jack and George.

The Town Forest Committee was created this year and its members are working on a management plan, upgrading access, and writing grants to further their volunteer efforts.

Time has flown by and the last payment on the Town Office building was this year- only three more years on the Town Highway Garage.

Y2K preparations paid off with no glitches noted. The year 2000 will see upgrade of our property card folders to a computer program from the Avitar Corporation that currently does our property assessments. This 21st century move will provide quick, timely and accurate access to vital property information.

This year 2000 is also a Census year. Please respond to census queries when asked because the results affect us all financially and politically.

Respectfully Submitted,

Stuart A. Hodgeman
Robert F. Maslan
Larry Dingee

Selectman's Special Agent 1999 Report

In 1989, the Selectmen created the Selectmen's Special Agent position for the purpose of confirming excavation information and soil suitability at potential new septic installations. Currently, the position is not funded the town but by user fee, the average cost being \$20.00.

Results of Septic Digs in Cornish 1999:

Mar 4	Dave Poulin, w/s Leavitt Rd. - 1 dig, successful
Apr 23	T. Michalenock, N/S Center Road- 11+ digs, successful
May 21	Kathy Foster, N/S Hell Hollow Rd. - 2 digs, successful
May 28	F. William Lipfert, Jr., E/S Rt 12A- 2 digs, successful
Jun 21	Dave and Linda Philippe, E/S Rt 120- 4 digs, successful
Jul 15	Jean Wagner, E/S Platt Rd- 1 dig, successful
Oct 27	Charles Aiken, W/S Leavitt Hill Rd. - 1 dig, successful

Cornish Highway Department 1999 Report

1999 was a mild mud season, had a few mud holes, but had the gravel to deal with them.

We got busy with a lot of weekend storms.

We replaced all new culverts on the N. end of Center Rd., and new black top from 120 to Parsonage Rd. We hope to complete Center Road this year.

Put a new 3 ft. culvert on Platt Road this year, and replaced other culverts with 18 inch plastic pipe in other locations in town.

Put down 6500 yards of crushed grave on the roads.

The equipment has held up good, with no major repairs.

The new loader was delivered on July 1st, and working well.

I would like to thank the equipment committee and other people involved in the purchase of the loader.

The department has a safe work record this year, for personnel.

We were saddened by the recent passing of Wayne Nelson. He will be missed by all of us.

I want to thank all my men for the good job they have done. And my part-time man Nate Cass. And to all the Selectmen for your help. And all the people who supported me.

Sincerely,

Road Agent

Fire Department

Report For 1999

The Cornish Fire Dept. answered approximately 94 calls for help.

Auto Accidents	- 16
Mutual Aid	- 12
Fire Alarms	- 8
Utility Problems-	15
Other Fire Calls	- 43

A Special Thanks goes out to every member of the Cornish Fire Dept. for taking the time to attend meetings and training. These people spend a lot of time during the year sharpening their skills so that when they are called on for help they will be ready.

Be it a blazing fire, search & rescue, utility problems, auto accidents, whatever, the members of the C.F.D. are there for you 24 hours a day 7 days a week.

It's been a privilege to be involved with these people for over 2 decades.
"They are Americans Bravest".

So the next time you encounter a Firefighter out on the highway stopping traffic, diverting traffic, etc., roll down your window and say Thank You. They are out there for your protection, not their own.

Nate Cass
Chief Cornish Fire Dept.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ANY outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. During the 1999 season Forest Rangers were busy assisting communities with suppression of difficult and remote multi-day fires. Forest Rangers have also investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The 1999 fire season was a challenging but safe year for wildland firefighters in New Hampshire. The severe drought conditions throughout the spring and summer months combined with residual effects of 1998 Ice Storm, resulted in a dramatic increase in wildland fires. In addition to burning in excess of 452 acres, 35 structures were also impacted by wildfire. Wildland fires in the urban interface is a serious concern for both landowners and firefighters. Homeowners can help protect their structures by maintaining adequate green space around them and making sure that houses are properly identified with street numbers.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

Please contact your local fire department before doing ANY outside burning.

REMEMBER ONLY YOU CAN PREVENT FOREST FIRES!!

Police Department

The year 1999 brought the end of the first year of maintaining the Cornish Police Department as a part time. The year was a busy year for members of the department. The officers averaged 148.2 hours per month, responding to an average of 70.6 calls per month and driving approximately 1230 miles on the cruiser per month.

The highlight of the year was department members with assistance from the Claremont Police Department Explorer Post and the Sullivan County Sheriffs Department assisting with the visit of Vice President Al Gore and his trip down the Connecticut River. A break down of calls for the year is included in the Towns annual report.

The department continued to upgrade equipment, which included the replacement of the radar unit. A dual antenna system was purchased in December. All updates of equipment over the last 2 years have been done within the approved budget and money was still returned to the general fund.

In the year 2000 the department is hoping to continue updating equipment and have asked the selectmen to include a warrant article for purchase of a new police vehicle. This would be done through an already established Capital Reserve Fund and the Trade In Value of the current cruiser.

We ask citizens for their continuous support of the department, by passing the proposed level funded budget and New Police Vehicle warrant article.

Again, thank you for allowing us to serve you in 1999.

CORNISH RESCUE SQUAD

Annual Report of the Cornish Rescue Squad

In April of 1974 the Cornish Rescue Squad was created and this Fall during a ceremony at Singing Hills we celebrated our 25th year of serving Cornish and Plainfield. We were honored as past members joined us to reflect on the foundation that the Rescue Squad is built on. The Cornish Rescue Squad continues with the tradition of being one of the respected EMS providers in the Upper Valley.

If you have any special health concerns at your house please contact us at 675-2221. We will review your needs and develop a plan with you.

On a personal note as I complete my fourth year as President I would like to publicly thank the outstanding members of the squad for their dedication and service to the community. It is an honor to work with you.

We are very thankful for the great support we have received over the years from the residents of Cornish and Plainfield. Your continued support allows us to serve you in an emergency

Sincerely,

Jim Mc Carragher President

In honor of our 25th anniversary I would like to reprint the 1974 Annual Report.

Cornish Rescue Squad Inc.

As of February 1974, thirteen Cornish residents successfully completed their Emergency Medical Technician Course.

Eleven of the thirteen persons have founded the Cornish rescue Squad Inc. (page 67 of this year's Annual Town Report gives information about this corporation.)

P.O. Box 235

Cornish Flat, NH 03746

The members thus far are:

Polly Rand,	President	A Member of the board of Trustees						
James Lukash	Vice President	"	"	"	"	"	"	"
Pam Lukash	Sect. & Treas.	"	"	"	"	"	"	"
Robert Hilliard		"	"	"	"	"	"	"
Ed Bourne II		"	"	"	"	"	"	"
Joan Baillargeon								
Ed Lawrence								
John Rand								
Judy Rook								
Dale Rook								
Shirley Sullivan.								

In the event of an emergency at your home or elsewhere, the Cornish rescue Squad can be reached by Windsor Ambulance Service. they then call the Claremont Fire Depart. which sends a broadcast for medical aid over the Plectron Radio to Cornish which is received by the EMT's in their homes. At the same time an ambulance can be dispatched from Windsor. Since it may take the ambulance 15 minutes to reach the scene, it is obviously to our advantage to have Emergency Medical Technicians in town who can be at the scene within minutes of your call. There may be instances where the EMT would be all the aid you need, and the services are FREE.

The number to call if you are in need of Emergency Medical Aid is:
675-**** Now 911

Please support the Cornish rescue Squad, an independent organization, in any way you can. We can use all the volunteers who are willing to assist us in first aid, as well as fund raising, public relations, etc., as equipment is costly; such as - oxygen bottle refill - 5.00 which is supplied on an emergency bases free of charge to patients.

*Charter Members of the Cornish Rescue Squad
25th Anniversary Dinner • October 25, 1999*

(Left to Right) Joan Bailagerron, Marilyn Bourne, Bob Hilliard, Ed Lawrence, Pam Lukash, Jim Lukash, Polly Rand, John Rand, Judy Rook, Dale Rook, Shirley Sullivan (not shown)

RECORDS PRESERVATION

Thank you Townspeople for one again allocating \$3500.00 for the preservation of our old Town records. There was a total of three old volumes restored this year.

1. Town Records 1828-1842 .
2. Town Records 1842-1865
3. Selectmen's Journals 1870-1880

This makes a total of 20 books that are considered to be preserved for 200 years. Microfilming has also been done up to 1990.

This year we would like to spend some money on shelving for the vault, as this will help protect our new book bindings.

Respectively submitted,

Teenie Rock
Reigh H. Rock

1999 HEALTH OFFICER'S REPORT

In 1999 a number of routine issues were dealt with, including the inspection of 26 food booths at the fair. I also learned that from time to time there are state funds and very low interest loans available for financially strapped homeowners with home health safety problems (such as contaminated wells.)

Ginny Prince

OVERSEERS OF GENERAL ASSISTANCE

As we bring another busy year to a close, we once again extend our appreciation to the agencies, organizations and individuals who have so generously contributed to the Cornish General Assistance program.

The Food Pantry sponsored by the United Church of Cornish assisted in the distribution of truckloads of potatoes, beets and other vegetables throughout the harvest season, kindly donated by River's Edge Farm. Special thanks also to Mrs. and Mrs. Wayne McCutcheon, who donated over 100 pounds of beef; River View Farm for sharing their pumpkins and apples; the concerned citizen who anonymously purchased \$100 worth of heating oil for Cornish residents with limited financial resources; and to Mr. and Mrs. Roy Stone, who, for the second year, offered a hillside of Christmas trees to be given away or sold for a small donation for the benefit of our program.

We wish to take this opportunity to announce a very special activity for Senior Cornish residents.

Senior Noon Meal
4th Tuesday of each month at 12 noon
Masonic Hall
School Street, Cornish Flat

Cornish residents age 60 and over are cordially invited to attend a monthly New England style home cooked meal. The Cornish Masonic Lodge has generously offered free use of their excellent kitchen which includes china, flatware, and seating for 40 people. The noon meals, which began February 22, are prepared by local volunteers using, whenever possible, locally grown food, and will be served on the 4th Tuesday of each month at 12 o'clock noon. A voluntary donation of \$2.50 per meal will be asked of those who feel they can afford it. There will be some introductory meal coupons available, kindly funded by a grant from the Millar Fund. Transportation will be provided for those who need it. For more information, please call 542-8635.

Respectfully submitted,

Connie Kousman

Martha Zoerheide

Zoning Board of Adjustment Report 1999

The Zoning Board of Adjustment heard 5 cases in 1999. All were special exceptions. One was denied, two were approved, and two are at present in the process of resolution.

CEMETERY DEPARTMENT 1999 REPORT

Besides the regular work, we compelled all picket fencing in all cemeteries this year, even though we were unable to hire the help needed. Also removed four big stumps from the Flat Cemetery, had more stones cleaned in the Edminster Cemetery, and reset some stones. Many thanks again to the Cub Scouts {Pack 332} for putting up flags on the graves of veterans at memorial time.

Sexton John J. Rock

Cornish Honor Society 1999 Report

This year our organization assisted the Cornish Elementary School by donating \$600.00 toward the renovation of the school's science room. The funds that were raised through taxes for this project were not enough to make a truly hands-on science room available for the Cornish students. Our contribution (combined with other donations) went toward providing additional equipment and facilities for the science room.

If anyone wishes to contact the Society with ideas for future projects, please contact any of the trustees. You may also reach me at the following email address:

In 1999 the Planning Board held hearings on four applications for subdivision or annexation. All of these were approved. The three Zoning Ordinance amendments proposed at Town Meeting were passed and are now part of the Cornish Zoning Ordinance. This year the Board, after consultation with the ZBA and the Selectmen, is proposing further changes to the Ordinance dealing with expansion of non-conforming uses and structures in the flood plain. We had one vacancy on the Board, Gail McKenzie was appointed as an alternate to fill that vacancy.

CORNISH CONSERVATION COMMISSION 1999

As we review the past years activities, there is little doubt that the most remarkable accomplishment has been the commissions efforts in the purchase of a 270 acre forest tract located on Wellman Hill, which has since been established as the Cornish Town Forest. This purchase has insured that a large, undeveloped and ecologically valuable piece of town property has been set aside, in perpetuity, for the enjoyment and recreation of the townspeople of Cornish. A separate Town Forest Committee has officially been established to oversee the ongoing management of the Town Forest, (for more info. see 1999 Town Forest Management Committee Report). An official forestry plan, implemented by the Town Forest Committee, is in the process of being written and will describe, in detail, the long term management plan for the Town Forest.

The Commission hired a local excavator to trench out the drainage ditches on the CREA property, as water was beginning to be a problem with the athletic fields. The excavation costs were paid out of the CREA fund. It was determined by the Commission that the barn on the property be stabilized this upcoming year by foundation beams. There still has been no firm decision made about what to do with the barn. The Commission voted again this June to support the Cornish School's "River Fest Day", monies for this event coming from the Rodney Palmer Fund. Green Up Week was a resounding success this year, with designated green bags used so as to avoid confusion with other trash bags.

There was no Conservation Award presented for 1999, although we fully expect to find a recipient this upcoming year. Historically, Augie Dworak has generously given his time to carve outstanding wooden sculptures for the award, an effort gratefully appreciated by the commission. Unfortunately, due to a crowded teaching schedule, Augie has declined for the foreseeable future. The Commission is actively seeking other local artists who might be of help.

The Commission has continued the process of building base line data for easement properties we are required to monitor. These easement properties need to be inspected annually to insure that all conditions of the easement have been met; a process that requires walking the bounds, identifying easement regulations and property inspections. The Commission this year has purchased large ring binders, enabling us to file all base line data, from photos to topo maps, for each of the easement properties in town.

The Finance Committee 1999 Report

The Finance Committee is an advisory committee, between the public and the Select Board. It's basic purpose is to assist in the budget process and to help with problems which may arise during the year. Quarterly meetings were held with the Select Board to review the Town's expenses and budget variances. School Board meetings were also attended by one or more members.

The Committee reviews every item on every budget with an eye toward ever improving the prudent management of Town funds and resources. Recommendations are made throughout the budget process and, although not binding, are reflected in the final budget. Cooperation by the Select Board, and various town departments with the Committee has been excellent, and we hope the process has been helpful to the efficient running of the Town of Cornish.

SUPERVISOR OF CHECKLIST REPORT

During the year 1999 the Supervisors held all required sessions for the March School District and Town Meetings. Sessions were also held concerning the 2000 Presidential Primary Election.

Time was spent notifying residents, who left the community, that their names would be deleted from the list of registered voters. Other towns and states were notified when new voters names were added to the Cornish Checklists to allow those communities to remove names on their lists.

Corrections were made to ready checklists for posting prior to all elections. Notices were published of upcoming supervisor sessions. All changes and corrections were made on the card file used by selectmen, as well as the many checklists, which requires a fair amount of time.

A request for a list to be mailed the court for choosing jurors, midway between meetings, required additional time spent, other than regular meetings.

An annual problem for us is keeping track of people who move from the community, making it difficult to keep the voting lists current. This is a chore which demands much correspondence. Cornish voters change often.

During 1999 a large number of names were removed from the voter list, Among them deaths of 10 well known residents. New names were added, numerous party, name and address changes made.

Ruth G. Rollins, chairman
Leland E. Atwood
Robin C. Monette

Memorandum

To: Cornish Selectmen
From: Larry Duval
Date: 02/02/2000
Re: Capital Equipment Committee

The Capital Equipment Committee met several times following the Town Meeting in March to decide on the purchase of a new front-end loader. Bid sheets were sent to several heavy equipment dealers in both NH and Vt.; five dealers responded. Each one of these dealers agreed to provide a demo loader for the Highway Dept. to use and evaluate. This process eliminated two of the dealers. At this time the committee met with each of the three remaining dealers to negotiate before a final recommendation was made. The committee and the Road Agent decided to purchase the Kawasaki loader. The old Caterpillar loader was advertised and sold by a sealed bid.

This Committee continues to work very hard to keep within the guidelines adopted in the 20-year replacement program for heavy equipment.

In 1999 diligent efforts by the Conservation Commission and others paid off with the exciting acquisition of a 270 acre piece of wooded land on Wellman's Hill, which is now the Cornish Town Forest. A committee, consisting of Jim Fitch, Gar Hier, Larry Dingee, Dale O'Connor and Ginny Prince, was formed to manage the forest. The committee members view this as an unprecedented, exhilarating opportunity to preserve undeveloped land for the benefit and enjoyment of the residents of Cornish.

Priorities identified by the committee include aesthetic preservation of "wild" lands, maintenance of forest ecosystems, hunting access, development and maintenance of trails for hiking, skiing and mountain biking as well as suitable access for horses and motorized vehicles, access for disabled individuals, opportunities for education about the ecology, geology and history of the area, community involvement, and management for sustainable timber harvest in suitable parts of the forest.

Activities of the forest committee to date include:

- * Marking the boundaries of the town forest property with light green surveyors tape. The conservation committee is acquiring permanent markers which will be placed in the future.
- * Appointment of Leo Maslan as the forester.
- * Beginning work on the management plan, which will detail general and specific procedures for managing the forest.
- * Holding a work day on July 10 - a dozen hard working volunteers cut a trail to the height of land and cleared out the excellent view of MT Ascutney. Some of the laborers began work on the steep access trail from Tandy Brook Road, and Reyer Jaarsma donated much appreciated time with his tractor and chipper, cleaning up the logging road that loops through the center of the forest. Thank-you, everyone!
- * Holding a hiking tour on Oct 30 - over 20 people met at the south end of Root Hill Road and hiked the loop trail to the lookout.
- * Investigating alternatives to herbicide spraying of the powerline right-of-way through the forest.
- * Beginning work on a detailed map of the forest.

Plans for the immediate future include clearer marking of the existing trails, completing the map, finishing trail access from Tandy Brook Road and making easier access from Root Hill Road. Also, watch the school newsletter and bulletin boards at the bank and town offices for future hiking, snowshoeing or skiing tours of the forest!

For more specific information about the forest, to comment on the management plan or other forest related issues, or to volunteer for work projects, please feel free to contact any committee member!

Cornish Town Forest*

CORNISH RECYCLING COMMITTEE
1999 REPORT
The oldest (1977) volunteer-run recycling center in NH

This year's operation has been without any major challenges. Gary's Disposal has agreed to \$300.00 for each removal of recyclables in the year 2000. We continue to receive some income from deposits and recyclers continue to come in at a steady rate.

The committee worked on a barrier across the clear glass bin in November to contain a larger amount of glass. Two years accumulation of clear glass will fill the bin and make it possible for a glass company to pick up 20 cubic yards of glass, thereby saving the town several trips to the transfer station in Claremont. Our thanks to Jimmy Fitch who donated the wood for this project. Please remember that we are preparing a product for market and that we need to conform to specifications. Only supermarket jars and bottles are accepted for the glass category. No window panes, lightbulbs, ceramics, glass dinner ware, canning jars. These are of a different temper and do not heat or cool reliably, causing cracks and breakage in a renewed finished product. If found in our glass, the glass will be returned to us and we will pay a fine plus the cost of trucking.

Our pickups are no longer weighed but an estimate would be about equal to last year's minus the glass tonnage. Glass will be removed about every two years.

1999 expenses

Trucking	\$2400.00
Northeast Resources dues & operator's license	\$ 150.00
Building Supplies	\$ 50.00
Mattress bags (for plastic collection)	\$ 130.00
 Total Expenses	 \$ 2730.00

1999 Income

Vt. deposit bottles & cans (credited to General Fund)	\$ 506.80
--	-----------

Items must be clean, compact and sorted: the Center is preparing a product for market. Plastic tubs are not accepted. If the top is larger than the bottom or if container does not have a screw top, it is considered a tub. Continue to check aluminum on the magnet provided (aluminum does not stick) until you know your brands. The steel barrels should contain nothing larger than "tin cans". Please remember to keep Vt. deposit plastics, cans and bottles separate to be placed in the shed for redemption.

The facility depends upon volunteers. Consider signing up for a Saturday morning, if only once or twice during the year. It is a great opportunity to meet those in the community who frequent the center. There will always be two working together and an orientation with a committee member. We are very grateful for all of you who volunteer. Feel free to contact any of the committee members for additional information.

The Center is open every Saturday from 9 - 11 am, except on holiday weekends, until plowed after storms, and by chance if less than 10 degrees.

CORNISH SPIRIT COMMITTEE 1999 REPORT

Since the inception of the Spirit Committee in 1988, several projects have been completed. With the help of the Town, organizations and numerous volunteers, the following projects were finished!

- 1988 Painting the exterior of the Town Hall and adjacent old School House.
- 1989 Painting the exterior of Town Sheds in the Flat and landscaping around the sheds and Library.
- 1990 Siding and painting of the school with tree planting at the school and in front of the Meeting House. Painting and stenciling of the interior of the Town Hall.
- 1991 Painting the interior and exterior of the Meeting House.
- 1992 Painting the interior hallways and cafeteria in the school.
- 1993 Landscaping and parking area improvement at the school.
- 1994 Painting the exterior of the Town Hall.
- 1995 Landscaping repair of discarded oil tanks at school.
- 1996 Postponed due to rain.
- 1997 Paint Cornish Flat Cemetery fence, paint inside of library. Plantings at school.
- 1998 Supplies to Cemetery Department for repair/painting of Hearse House and cemetery fences.
- 1999 Paint barns, benches and picnic tables at the Fair Grounds.

Last year was no exception, with the help from organizations, volunteers and monies allocated to the Spirit Committee at Town Meeting, the Cornish Fair buildings, benches and picnic tables were repainted

As we look ahead for this year's project, we need volunteers to help with scraping and preparing the Meeting House in the Flat for painting. In the year 2001, the Spirit Committee plans to help the Historic Society in their efforts to revitalize the old Selectmen's office in the Flat.

If you would like to volunteer, or if you have any questions, please contact either Nancy Newbold @675-2394 or Dale O'Connor @542-1280.

Respectfully submitted,
Nancy Newbold
Dale O'Connor

REPORT OF THE CORNISH FAIR ASSOCIATION
January 2000

The purpose of the Cornish Fair Association is to provide an activity of education and recreation for the community; to raise money for educational and other purposes; and to encourage an interest in agriculture and the arts and crafts.

All residents of Cornish are members of the Cornish Fair Association. The Fair Directors are all volunteers. Community members in great numbers volunteer in different capacities throughout the year and during the Fair. In addition many non-profit organizations participate in the Fair in a variety of ways raising money for their organization. Fair meetings are held the 1st Monday of each month at 7:30 PM except January and September, when they are held the 2nd Monday of the month. All members of the Association are welcome to attend. Meetings are held in the mobile home Fair Office.

Randy Baril was the 1999 recipient of the annual Cornish Fair Scholarship. This scholarship is given to a deserving resident of Cornish (at least 5 years) who is going on to college. Many special events were planned and extra projects were tackled to make our 50th Anniversary a special event. With the help of the Spirit Committee, most of the Fair buildings got a new coat of red paint and benches were refreshed in green. A special exhibit was set up in the old Town Hall displaying Fair programs from the last 50 years. In addition, Princes, Princesses and Queens from past years rode in the parade. Unfortunately, the weather did not cooperate--it rained very hard starting in the afternoon on Saturday and by 8PM, the Fair was officially closed for the day.

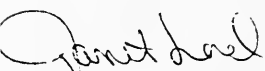

The Cornish Fair has an excellent reputation as a fun, safe, family Fair thanks to the efforts of the many volunteers who support the Fair each year. There is always work to be done and no end to the need for volunteers. So, if you want help the Cornish Fair continue its proud tradition and have fun while doing community service, please contact any one of the Directors about volunteer opportunities. THANK YOU to all the volunteers and sponsors of the 1999 Cornish Fair. Hope you'll join the fun at this year's Fair -- August 18, 19, and 20, 2000 and please visit our website at www.cornishfair.com.

Cornish Meetinghouse 1999 Report

This has been an exciting year for the Meetinghouse. A goal was set by the Trustees this past year to have the exterior of the building painted and to make other necessary repairs. A goal of \$10,000.00 was set which would repair much needed repairs to the slate roof and would have the building completely painted, including the steeple. The trustees applied and won a grant from the James Tasker Fund which made it possible to send a letter of appeal to all residents of Cornish. The Farmer's Market gave a generous donation to start the ball rolling and support by the community has been overwhelming! We are very close to our goal; at the time of the writing of this report, the donations have amounted to \$9,000.00. We are very close to our goal. Work will be completed by the end of this summer.

The trustees wish to thank the following for their generosity and for their desire to preserve the beauty and the grace of the Meetinghouse:

Mr. Wm. E. C. Bulkeley	Jeffrey McGlone

**GEORGE H. STOWELL FREE LIBRARY
1999 REPORT**

The more the world changes, the more the Cornish Town Library remains fundamentally the same. Advances in technology and the changing needs of our patrons have resulted in an increase in the amount of business that we do electronically, but the appearance and feeling of the library remain the same. Our shelves are still filled with books and to find them you'll still have to browse through the cards in our catalog. We still sign out materials the old-fashioned way and are confident that this is the way the majority of our patrons prefer the library to be managed. We believe we are able to bring you the best service possible without losing the original feeling of this beautiful, small town library.

Several years ago I wrote that the books in our collection were now available (via computer) to other libraries for inter-library loans. It was wonderful to begin to give back to a system that had served our patrons so well for many years. We continue to borrow many books for our patrons, but the number of books we loan to other libraries is increasing. Our goal is to lend as many as we borrow. This year we loaned 40 books (as compared to 25 in 1998) and borrowed 88. We're getting closer.

Our summer reading program has lately been a source of frustration. The number of children participating has been low and has not justified the energy and expense necessary to run the program. We are not questioning the value of summer reading, only the way in which we have been trying to encourage it. Look for a different approach this summer.

The NH State Library provides loan of large-print books for the visually impaired. We take advantage of this service and borrow over 100 large-print books each year, the majority of which are used by our bookmobile patrons. Each month the bookmobile volunteers deliver books of a particular title, author, or genre to Cornish residents who are unable to get to the library on their own. If you would like the bookmobile to visit you or someone you know, please call the library to make arrangements.

Thank you to everyone who donated their time, money, or materials to the library this year. Your energy and generosity are what make the library and its services possible. Thank you all for your support.

See you at the library!

Kate Freeland, Librarian

CORNISH HISTORICAL SOCIETY

James B. Atkinson R.R. #2, Box 416 Cornish, New Hampshire 03745-9727 (603) 675-6003

1999 Report To The Town

This year's Report begins with a reminder of the mission of the Cornish Historical Society:

It is a non-profit educational association that collects, preserves, and interprets the history of Cornish, New Hampshire for this community. Its purpose is to investigate, elucidate, and publish information that documents or illustrates Cornish history and the lives and society of its people from the time of the first settlements, both Native American and Colonial, to the present day. It seeks to carry this mission out:

- a) by collecting books, documents, artifacts, and other cultural objects;
- b) by preserving these items;
- c) by interpreting them to the community through educational programs, lectures, publications, public events, and public display;
- d) by receiving financial contributions.

Furthermore, the Cornish Historical Society seeks to encourage others to collect, preserve, and interpret the history of Cornish and the local area.

We want the town to be mindful of this mission because this year we are planning to embark on a major fundraising capital campaign. We shall be asking every citizen in the town to help us invest in our ability to fulfill this mission. We shall solicit these funds in order to restore the former Selectmen's Office on School Street in Cornish Flat so that it may serve as a safe repository to display our collection. It is a valuable resource: it runs the gamut from Lebbeus Chase's powder horn dated Cornish, New Hampshire 1799, through a Civil War water canteen carried by a local artilleryman, to material from Cornish Colony artists, writers, sculptors, and naturalists, and finally to items from the present day.

It would be quite appropriate if our collection could be displayed in a town landmark. Constructed in 1886, and renovated in 1896 with the addition of the town's only "lock-up," the building was once the center of governmental activities but now, as we all know, is badly in need of repair. The current Selectmen, with the town's approval, want the Historical Society to preserve the building by making more active use of it. Through this adaptive use we should like to fulfill this hope by first repairing and restoring the building and then opening the collection to the community on a regular basis.

In the near future you will receive more information about this exciting challenge. You will then be asked to contribute so that each of you can invest in this effort to contradict Harry Truman's comment: "The only thing new in the world is the history you don't know." Now for our actual report.

The September meeting was held in response to numerous requests to have a discussion about our early schoolhouses. Linda Fuerst led the talk and soon appreciative townspeople, and even a visitor from California, joined in with their memories and stories. The lively meeting ended in a tribute to Marjorie Kidder, who was there to share her recollections and experiences too. In October we heard from Mark Humpal about Native Americans in early New England as well as who was here in Cornish, when they came, why they were here, and what they were doing before the arrival of Dudley Chase, Daniel Putnam, and Dyer Spaulding and their contingent of settlers.

The April 2000 meeting will continue this local focus as we listen to two men currently at work on a history of the Fifth New Hampshire Volunteer Regiment. Mark Travis and his co-author are trying to gather information so that there will be a more human touch to the regimental histories of New Hampshire's participation in the Civil War.

The final two meetings widen our focus considerably. The May meeting, sponsored by the New Hampshire Humanities Council, will center on a topic that many people probably have not often considered: "Why Does New Hampshire Exist?" Professor Jere Daniell of Dartmouth College will examine this intriguing question about our state's early history. Finally, since June seems to be a time when gardens are on so many people's minds, Henry Homeyer will walk members and guests through the gardens at the Saint-Gaudens National Historic Site, describe what is on view, and, best of all, answer questions.

Our meetings are always open to anyone who would like to attend. Furthermore, the Society welcomes new members who share our interest in the town's past.

Jim Atkinson, President
Betty Caterino, Vice President
Bernice Johnson, Secretary
Beth Lum, Corresponding Secretary
Hannah Schad, Treasurer

Photo by Penfold 1/15/00

A canteen belonging to Edgar A. Churchill (1847-1944), former town Selectman. During the Civil War he served in a heavy artillery regiment responsible for defending Washington, D.C. A notation on the bottom of this canteen notes that it "was carried ...at Gettysburg."

Sullivan County Regional Refuse Disposal District

(SCRRDD)

1999 Report

Cornish is a member of the Sullivan County Regional Refuse Disposal District, which in partnership with the Windsor County solid waste district comprises the NH/VT Solid Waste Project. The Project owns an ash landfill on the Claremont-Newport town line, where ash created by the Claremont Wheelabrator incinerator is deposited. Controversy surrounding the Project reached a new peak in 1999 when the Project manager announced her intention to sell the publically-owned ash landfill to an international trash corporation, Waste Systems International (WSI). WSI planned to import unincinerated out-of-state trash for disposal at the ash landfill.

Public opposition to this proposed sale has caused the Project to reconsider its priorities and to focus on long-term planning for trash disposal when our contract with Wheelabrator expires in 2007. This planning process will include facilitated stakeholders' meetings in which all parties concerned--local residents, Project town representatives, selectmen and councilmen, representatives of Wheelabrator, the U.S. Environmental Protection Agency, N.H. government agencies and the N.H. legislature may participate with the intention of reaching common ground. This series of stakeholders' meetings was one of several proposals offered in response to the Project's request, in the summer of 1999, for suggested solutions to the Project's knotty problems.

Another approach to these problems was made by the N.H. legislature, which established a committee to investigate the Project. At a well-attended committee hearing in Claremont, local medical doctors expressed serious concern about pollution from trash incineration. I have been attending meetings of this committee in Concord.

The N.H. legislature also proposed legislation (HB 625) that would have charged Sullivan County residents nearly \$1,000,000 to retrofit the Claremont incinerator. I testified that Wheelabrator should pay to repair its own plant. The public funding proposal failed to pass.

Later in the year, Governor Shaheen created the Governor's Task Force on Solid Waste because of her concerns about imported trash, monopolization, lack of recycling and high disposal costs. I was appointed to this task force and serve on the committee investigating the state of New Hampshire's trash disposal capacity.

William E. Gallagher
Cornish SCRRDD Representative
Donna Bleazard, Alternate

NH/VT SOLID WASTE PROJECT 1999 ANNUAL REPORT

The Project offices greeted 1999 in new offices located at 130 Pleasant Street in Claremont. This move provided cost savings as well as updated facilities and better parking.

As we did in 1998, every effort was made to keep the tipping fee low, which again worked to discourage diversion of waste from our communities. The collective efforts of all Project representatives resulted in the delivery of approximately 49,700 tons to the Claremont incinerator. The continuing efforts of both the Sullivan County Regional Refuse Disposal District and the Southern Windsor/Windham Counties Solid Waste Management District to responsibly address their responsibilities for solid waste management and disposal have benefited us all.

Both the short- and long-term planning efforts begun in 1998 continued throughout 1999. We are still faced with a lack of capacity at the ash landfill because it will be full in early 2001, and a decision on whether to close the facility and pay the additional cost of transporting the ash to an alternative landfill or to construct some type of expansion needs to be made in the immediate future.

The Project continued its efforts to solicit all ideas and concepts in order to make the best possible decisions with regard to the future of the landfill, ash disposal options through 2007 and consideration of the future of the Project after the Waste Disposal Agreement expires in 2007. As part of this effort, proposals were solicited from the general public as well as the waste industry. Each person who submitted a proposal was given an opportunity to make a presentation to the Joint Meeting to ensure that all ideas were fully understood.

This process took us into the fall and resulted in the decision to finish the process with the assistance of a professional facilitator as well as a recommendation that the issues under consideration be divided into two tracks. A final decision on the facilitator(s) is anticipated in early 2000, and the facilitator is anticipated to be used to address the long-term planning considerations, while the Joint Meeting will address the short-term issue of the landfill reaching capacity in the short-term. In November the Joint Meeting decided to use an anonymous ballot vote to identify the top three preferences of a majority of representatives based upon all the options presented to date. The results of the poll indicate the following:

1. Transfer Property to Wheelabrator
2. Lateral Expansion of the Landfill
3. Vertical Expansion of the Landfill

On the legislative front, there were several bills introduced in the New Hampshire Legislature that affected the Project and/or the Sullivan County Regional Refuse Disposal District, while activity affecting the Project in the Vermont legislature was fairly quiet. Among the most noteworthy were the mercury bill, establishment of a committee to study the NH District, and a bill introduced by the Town of Newport to remove the ash landfill's exemption from local land use controls as a result of its municipal ownership.

The mercury bill received a large amount of attention from the Project office and many individual representatives because it poses significant cost implications to both Districts. Every effort was made with the assistance of Senator Disnard (Claremont) and Senator Johnson (Meredith) to ensure that state funds were included so that the bill did not create an unfunded mandate for the New Hampshire communities. This effort will continue through this legislative session as the bill has gone to a conference committee between the House and Senate to reconcile differences in the versions passed by each. If successful in maintaining funding for the New Hampshire communities, this will avoid an expense which could potentially exceed \$866,000 for capital costs and tens of thousands of dollars in annual operating and maintenance expenses required by the retrofit through 2007. As you can see, the impacts are

potentially significant and the continuing assistance and support of the towns and representatives is greatly appreciated.

Representative Tuthill (Acworth) introduced several bills in the New Hampshire legislature which were harmful to the common interests of the Project. Only one of Representative Tuthill's bills passed and that was a bill that created a legislative committee to study the organizational, financial and environmental impacts of the Sullivan County Regional Refuse Disposal District on Sullivan County. This committee is comprised of Representatives Patten, Leone and Foster, as well as Senators Disnard, Johnson and Below. Given the scope of the task, the committee chair, Representative Patten, is seeking authorization for an extension to file a report. This committee has held several meetings in Concord as well as a public forum in Claremont, and has received voluminous materials from many interested parties. If you would like more information on this committee, please feel free to contact the Project offices at 603/543-1201.

Discussions with the Town of Newport are continuing in an effort to address the concerns of the community hosting the ash landfill with regard to future uses of the site. The Town of Newport adopted a zoning ordinance and land use regulations at their last town meeting which address solid waste facilities.

The only litigation involving the Project in 1999 was a lawsuit filed by Newport representative Peter Franklin seeking access to confidential information under the New Hampshire "right to know law" (RSA 91-A) which provides access to public records to members of the public. Unfortunately, this issue has escalated because of efforts by Mr. Franklin's attorneys to raise questions on whether the Project's collective activities are controlled by the Joint Meeting or independently by the individual districts. As many of you may recall, this issue with regard to budget authority was settled through an arbitration between the two districts several years ago and confirmed that the Joint Meeting is the body which holds the collective authority to govern the Project. It is hoped that a decision by the Executive Committee establishing controls on access by Mr. Franklin to confidential information will resolve this case, thereby avoiding further litigation or the potential need for another arbitration.

The FY2000 budget was adopted by the Joint Meeting in the amount of \$3,587,983. This budget allows the tipping fee to remain competitive at \$66.88 per ton, effective January 1, 2000. The Southern Windsor/Windham Counties Solid Waste Management District voted to adopt a budget which included an additional \$2/per ton surcharge to generate funds for District specific activities including household hazardous waste collection. As of the writing of this report, the Sullivan County Regional Refuse Disposal District has yet to adopt an annual budget. The VT District tipping fee will go into effect on March 1, 2000 for waste delivered from its member communities.

As 1999 draws to a close, we continue to enjoy active participation in district and executive committee meetings. The future decisions made by the Joint Meeting will undoubtedly be made stronger by this public involvement and community input.

Mary E.S. Williams
Project Director

ANNUAL REPORT - 1999

Mt. Ascutney Region River Subcommittee of the Connecticut River Joint Commissions

With the designation of the Connecticut as an American Heritage River, it has been a busy year for our waterway on all levels. In celebration of this honor, our river hosted both federal and state agencies and the Vice President of the United States. All of these agencies are looking to the river's local subcommittees of citizens for advice on how best to answer the concerns and needs of valley people. In response, our suggestions for water quality monitoring sites resulted in discovery of a specific pollution problem which the State of VT is now addressing, to the benefit of both fish, wildlife, and river recreationists.

The Subcommittee is monitoring recreational use of the river and advised the CRJC on preparation of a new pamphlet, *Boating on the Connecticut River*. The 28-page pamphlet contains new recreation maps which are color-coded to show legal boating speeds, no wake zones, and access points. The pamphlet has been made available to the public without charge and the maps are posted at access sites.

We have continued to provide information, advice and assistance to the states, towns, and to local landowners on a number of projects on or near the river, including transportation and riverbank stabilization work. We have advised the State of NH as it develops instream flow rules for times of drought, and supported the City of Claremont in pursuing a grant for water quality monitoring of the Sugar River and Saint-Gaudens Historic Site in seeking a grant to build trail connections to the Blow Me Down Mill.

We held a public forum on local Connecticut River fisheries with VT & NH biologists, preceded by a tour of the Bellows Falls hydro station and fishladder, another forum on the Wildlife Habitat Incentives Program, and a third on results of an EPA sediment quality study.

Towns in our region are reviewing the many tools and recommendations we have provided in the *Connecticut River Corridor Management Plan*. Several communities are actively moving to incorporate them as they update their existing town plans and revise their zoning ordinances, particularly in the area of shoreland protection.

The public is welcome to participate in our meetings, at the Windsor House on the second Tuesday evening of every other month. Citizens interested in representing the Town are encouraged to contact the Selectmen. More information, including a calendar, advice on bank erosion and obtaining permits for work in or near the river, and a summary of the *Connecticut River Corridor Management Plan*, is on the web at www.crjc.org/localaction.htm.

Upper Valley Lake Sunapee
Regional Planning Commission

Memorandum

To: Cornish Board of Selectmen
From: David Umling, Executive Director
Date: December 7, 1999
Re: 2001 Funding Requests and Annual Report for 1999

The Upper Valley Lake Sunapee Regional Planning Commission (UVLSRPC) respectfully requests \$1,593 for the Town's fiscal year 2001 membership dues. Our dues for New Hampshire communities are calculated using a rate of 96 cents per capita and are based on the 1990 population. In Cornish's case, the 1990 population was 1,659 people. Although the costs of running our office and maintaining a knowledgeable and experienced staff increase annually, our request for member dues contains no increase over last year's request.

As you know, the UVLSRPC is a voluntary association of communities. Our region currently includes 26 municipalities in New Hampshire and 3 communities in Vermont. The Commission is concerned with the development of comprehensive plans for beneficial and balanced economic, environmental, and social growth in the Region. It functions as a research, resource, and informational agency and, when appropriate, acts to obtain Federal, State, and other approvals, grants-in-aid, loans and similar assistance for individual member towns and for the Region. The Commission provides technical assistance to member communities in the areas of planning (land use, transportation, water quality, etc.), mapping, community development, grantsmanship and grant administration. In addition, regional studies, such as our Regional Transportation Plan, and regional projects, such as the household hazardous waste collections, nomination of the Cold River to the NH Rivers Management and Protection Program, and the Lake Sunapee and Connecticut River Scenic Byway Studies, are undertaken to the benefit of more than one community.

In the past year, services such as our Planning Board training series and library, which features maps, planning resources, and US Census data, were utilized by a large number of the Region's residents, local officials, board members, citizen groups, prospective businesses, and other nonprofit organizations. A complete list of services which benefit our members is attached.

In 1999, some examples of our work specifically for the Town of Cornish included:

- Continued work with local groups in town to finalize list of important natural and cultural resources which was submitted to the NH Land and Cultural Heritage Commission.

77 Bank Street, Lebanon, New Hampshire 03766-1704 (603) 448-1680 Fax: (603) 448-0170

- Organized two regional workshops on the National Flood Insurance Program for local officials responsible for implementing the program.
- Prepared an index of zoning standards and provisions for the NH communities in the region.
- Organized two household hazardous waste collections for Cornish residents.
- Developed new GIS base map to assist work of the Upper Valley Land Trust.
- Developed handout describing development permit requirements under local health regulations, zoning ordinance and building code and driveway permits, along with questions and answers focusing on examples of different situations.
- Provided Planning Board with examples of zoning regulations for driveways.

Our annual report for 1999 is included, along with a list of services which benefit all member communities. Please feel free to call me if you have any questions about our services or request. As always, we appreciate your consideration and support, and we look forward to serving you in the coming year.

cc: UVLSRPC Commissioners

**VISITING NURSE ALLIANCE OF VERMONT AND NEW HAMPSHIRE, INC.
WINDSOR REGIONAL HOME HEALTH AGENCY BRANCH
REPORT TO THE TOWN OF CORNISH**

Continued changes in our nation's health-care system mean that government has placed increased responsibility for patient care with community-based agencies, such as our Windsor Regional Home Health Agency Branch. We are very appreciative of the continued support that the Town of Cornish provides to help us meet the home care, hospice, and family support service needs of people in your community. We offer services that help your family, friends, and neighbors remain at home during times of illness or injury; we promote community wellness; and we provide important services to families at risk:

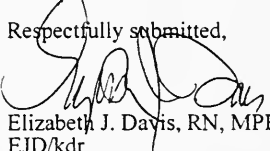

- Town funds help provide care for people who require necessary services but are unable to pay or who do not have adequate health insurance.
- Our comprehensive range of services is available to everyone in the community — people of all ages and all economic means use our Windsor Regional Home Health Agency Branch.
- Hospital discharge planners and attending physicians work closely with us to decide on an appropriate course of treatment for each home health or hospice patient.
- Our clinical staff provide skilled services for people recovering from surgery or accidents; who have an acute illness or a disability; who require long-term care; or who need support and symptom control during a terminal illness.

The Windsor Regional Home Health Agency Branch provided the following services in the Town of Cornish during the past year:

<i>Visits</i> <i>(July 1, 1998 through June 30, 1999)</i>		<i>Family Support Services</i>	
		Families	1
Skilled Nursing	166	Individuals	2
Physical Therapy	116		
Speech Therapy	36	<i>Maternal and Child Health</i>	
Occupational Therapy	20	Children	1
Medical Social Worker	8	Home Visits	4
Home Health Aide	628		
Homemaker	<u>12</u>	<i>Clinic Attendees</i>	
Total Visits	986	Flu	52

On behalf of people we serve in your community, thanks for your continued confidence.

Respectfully submitted,

Elizabeth J. Davis, RN, MPH

November 8, 1999

Selectmen, Town of Cornish
PO Box 181
Cornish Flat NH 03746

Dear Selectmen:

We at Sullivan County Hospice are requesting \$250.00 from the Town of Cornish.

Sullivan County Hospice has been in existence since 1984. We are a volunteer agency, governed by a 12 member Board of Directors, all of whom reside in Sullivan County.

Our mission is to provide practical and emotional support to terminally ill patients and their families within Sullivan County. The majority of the individuals we serve are home hospice patients, who have decided to remain at home under the care of their families. It is in this setting that we provide most of our services. However, we have the flexibility to follow and serve our patients and their families in a hospital or nursing home setting, as well. Our volunteers are fully trained in areas such as death and dying, the grieving process, active listening and universal precautions. A few of the ways our volunteers provide practical support include respite for care givers, running errands and light meal preparation. Our volunteers also provide emotional support to both the patient and their family, by being available to listen and offer reassurance and encouragement.

Our referrals come from doctors, nurses, visiting nurse associations, discharge planners, as well as from family members or patients themselves. Our only requirements for service are that the patient be terminally ill and that they reside in Sullivan County. We accept all referrals on that basis and there is never a charge for our service.

In addition to providing volunteer services, Sullivan County Hospice offers a bereavement support group. This group is scheduled for six sessions a year, each lasting a period of five weeks. These groups are open to anyone working through the grieving process.

We thank you in advance for your consideration. We hope that you will continue to support our work with your financial contribution, as we continue in our efforts to support the terminally ill and their families in Sullivan County.

Sincerely yours,

Annie Alcorn
Director

Kevin B. Cooney *Chief Executive Officer*

Mission Statement

Community Youth Advocates is committed to assisting Sullivan County youth on their journey to become responsible citizens. We offer them the tools in the forms of prevention, intervention, health and safety awareness, diversion and education. We promote the value of volunteerism in our youth in hope of establishing a true sense of community.

Community Youth Advocates offers a multi-faceted array of no cost services to youth, their families, police departments, district courts and the schools of Sullivan County. Our services include initiatives that address prevention, intervention, diversion and education. We promote the spirit of community service and volunteerism in all youth.

In the last year Community Youth Advocates served over 120 Sullivan County youth. 5 Cornish youth and their families were referred to CYA in 1999.

We continue to provide Sullivan County Youth Court Diversion as an alternative to court for juveniles. This program is an effective means of reducing the cost of court intervention and saves taxpayers the exorbitant costs of adjudication and out of home placements. Across Sullivan County the non-recidivism rate for youth participating in Diversion is 91%. Diversion involves members of the community and promotes mutual respect between adolescents and their communities. We are pleased to count Cornish residents among our Diversion Committee volunteers.

We offer materials and resources to families that address substance abuse, nicotine addiction, shoplifting and anger management. Our outreach service provides families with a confidential and knowledgeable referral source and we receive approximately 20 –25 calls per month from families seeking information and assistance on a variety of adolescent issues.

Chandler House remains one of the few facilities available to youth that are runaways or homeless, and provides emergency shelter along with long and short-term residential services to youth. These youth are in need of a safe and supportive, temporary home and are referred to us from the Division of Children, Youth, and Families.

Community Youth Advocates has built up a wealth of resources and has procured materials that address suicide, grief, divorce, alcohol, tobacco and other drug abuse and addiction, teen pregnancy, teen driving violations and peer pressure. We constantly upgrade, purchase, and share materials that encourage resiliency in youth.

Volunteers in Action

connecting neighbors with needs and people who care

P. O. Box 707 Windsor VT. 05089

802-674-5971

VOLUNTEERS in ACTION

Volunteers in Action brings together caring volunteers of all ages with neighbors in need of a helping hand, in Cornish and in adjacent towns in the Mt. Ascutney area.

During the past year, ViA volunteers provided 61 rides for four Cornish residents to medical and other appointments and shopping. The volunteers reported a total of 143 hours for transportation. This is a personal door-to-door service, with the volunteer waiting for the person during the appointment and offering other assistance as needed.

One elderly Cornish resident benefited by 145 hours of volunteer help. This included help with chores, friendly visiting, shopping and telephone check-in. This companionship and sociability are very important to this woman, who lives alone.

There are currently 7 ViA volunteers in the Town of Cornish and over 100 volunteers in the Mt. Ascutney area. The Cornish volunteers gave a total of 343 hours in Cornish and in other towns in the Mt. Ascutney area. Two Cornish residents are members of the Volunteers in Action Advisory Council and contribute their skills and experience in this manner.

Many requests for help come through the visiting nurses, Council on Aging advocates, from Mt. Ascutney Hospital, from individuals themselves, friends and family members.

We appreciate the support of the Selectmen and voters of Cornish in 1999. It is very important to the continuation of these essential services.

To request service or to consider volunteering, please call Margaret Campbell or Doug Hall at 674-5971. ViA has an office in the Historic Windsor House. ViA brochures that describe the program more fully are available at the Cornish Town Office, the Library and in many churches.

We welcome your inquiries.

It is a pleasure to report to you as one of your elected officials serving on the five-member Executive Council within the Executive Branch of your NH State Government. This five-member elected group acts much like a board of directors for your very large NH State Government carrying out the law and budget as passed by the NH House & Senate and signed into law by the Governor. We also act upon gubernatorial nominations to the entire Judicial Branch of your Government, State Supreme Court, Superior Court, Probate Court, District Court all are nominated by the Governor, a posted public hearing must be held by the Council and then a vote to deny or confirm the nomination is held. Persons interested in serving on a volunteer board of commission should contact Kathy Goode at the Governor's Office, 271-2121.

Report to the Towns

The twelve months which have passed since the last town report have been, no matter how you measure, the most contentious and difficult in recent legislative history. Those of us in Concord have struggled over almost everything, but primarily over the cost of public education, and how to fund it.

I won't spend a lot of time recapping the history of education funding, or the debate which has sprung up over it. Rather I would like to comment that change has finally come to New Hampshire, and while it's not over yet, it is clear that we have come a long way with the first steps.

The state of New Hampshire used to be dead last in state support for public education. Now it is somewhere above the middle. State funds used to pay for some 6% of the total cost of primary and secondary public education: now state funds pay for 62%. For the time being, the debate has moved significantly from "will we use state support to help our public schools?" to "how will we pay for the state support to fund public education?" I think that's a big and welcome change.

For the two towns I represent, the change has produced significant reductions in tax rates for local schools. Cornish went down more than 14%, Plainfield somewhat more at around 19%. The two towns will have the opportunity to decide how those reductions are used or preserved. On the revenue issues which surround school funding, I will continue to vote for revenue ideas that are not based on the local property tax, and which have some portion of tax fairness as their central theme.

The upcoming term will see us hard at work on HMO accountability, school accountability and reform, and how to close the pending revenue gap of around \$30 million.

Thank you all for your support and good wishes. I can always be reached at 271-2136 if you need me in Concord. My fax is 271-2016, and my e-mail is phburling@aol.com.

Peter Burling

State Representative Report
Sullivan County District "3"
Cornish – Grantham – Plainfield – Springfield – Sunapee

The first year of my term has certainly been a memorable one! The education funding issue has been and still is the primary topic. With the passing of HB999 a broad base property tax was enacted. Everyone is most probably fed up with reading and hearing about the problems with HB999 which evolved from HB117 (SMART? Plan) and ABC. Unfortunately, instead of an education issue, this became an issue of redistribution of wealth, pitting town against town. If HB999 stays in place, you can be sure that many towns that are now receiving education funding will fall into the "non-receiver" donor category by 2003.

My committee, Children and Family Law, processed 35 bills dealing with topics such as: joint legal and physical custody of children, court diversion programs, disclosure of child abuse and neglect information, and restructuring the juvenile justice system in New Hampshire. We meet in Room 206 of the Legislative Office Building in Concord and if you are interested in Children and Family issues, I invite you to attend the public hearings.

Health Care and Electric Deregulation will command much attention during this upcoming session.

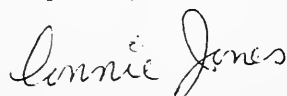

Electric rate reduction is long overdue and needs to be brought in line with the rest of the Nation. Science, Technology and Energy will continue to work on this complex issue.

Again, accountability and availability must be addressed in regards to HMO's. Our most vulnerable population, children and the elderly must have affordable health care available when they need it. The elderly should not have to do without the basic necessities of life in order to buy prescription drugs.

The Legislature can make a difference in all of the above issues. Will it? This remains to be seen.

Out of 27 Session Days I had two (2) excused absences. It has been an honor and privilege to serve you. If you have any questions or would just like to voice your opinion, please write or give a call.

Respectfully submitted,

REPORT OF THE CORNISH SCHOOL BOARD 1999-2000
February 7, 2000

Another year has passed as I write my final report to you as a member/chairman of your school board. When I take a look back at all that has happened since I first joined the board in 1987, many significant events come to mind.

Our school age population varies some from year to year but hasn't really changed much in the long run. Our physical plant has doubled in size in response to program expansion. Special education programs continue to consume an ever-increasing percentage of our school budget without the promised share from those who mandate the requirement. The "Claremont" lawsuit over the state's provision of an "adequate" education to all students has resulted in the creation this year of a statewide property tax, effectively giving Cornish additional state education dollars as a "receiver" town.

In addition to special education, the two costs I have seen escalate uncontrollably have been high school tuition and health insurance premiums. Tuition to the five receiving high schools has just about tripled in the last 13 years, while health insurance premiums have maintained average annual increases in double digits. Your board and professional staff have attempted to minimize the tax burden by changing carriers several times in recent memory, but health insurance costs nationally remain out of control.

On a more positive note, I am gratified in the progress we have made here in Cornish in the provision of a memorable and beneficial educational experience to all of our students. We have dramatically improved the condition of our physical plant (and will continue to do so with your help). We have added programs exposing students to technological advances and foreign language to better equip them for their secondary education.

Most of all Cornish students continue to be taught by an extraordinarily dedicated, caring staff of long-term teachers who genuinely care about their progress in learning. Additionally, these students are spending their formative years in a small school atmosphere offering a myriad of healthy and wholesome experiences which are simply not possible in most elementary schools today.

Ray Evans, Chairman

Board Members:

Brent Edgerton, Vice Chairman
Susan Borchert
Theresa Scott
Curt Wyman, Sr.

SUPERINTENDENT'S REPORT SAU #6

The Cornish School District through the Superintendent, Assistant Superintendent, Principal and School Board has developed the following goals and objectives for the 1999-2001 school years. Our objectives are not limited to these goals but we have established these goals as guidelines of our work for the next two years.

- 1. To establish a curriculum that is aligned with state and national standards***
- 2. To provide teachers with appropriate and sufficient materials to implement the curriculum***

Science and Mathematics: The science and mathematics curricula are now complete and approved by the School Board.

Language Arts and Social Studies: The language arts and social studies curricula are complete and will be submitted for approval to the School Board.

The Principal and Director of Curriculum will present a curriculum analysis to the Board each September regarding the strengths and weaknesses of the curriculum and instructional materials. The data report will include a survey of the teachers and portfolio materials. The results and analysis of the grades 2, 4, 5 and 8 Terra Nova testing will be presented to the Board by the Director of Curriculum at the November School Board Meeting.

- 3. To provide administrators and teachers with state of the art training for curriculum development, instructional strategies and educational assessment.***

The school board has committed itself to increasing budget allocations for staff development activities and staff development will be a first priority in the development of the "consolidated grants". The SAU Curriculum Council will establish inservice programs on an annual basis for curriculum development and assessment. The SAU will study the feasibility and cost of implementing the Research for Better Teaching staff development model.

- 4. The School Board, Administration, and Teachers will strengthen their support of the work of community groups working on behalf of the Cornish Elementary School, our students and their families. These groups include but are not limited to the taxpayers association, facility study committee, building and maintenance committee, and the parent's association.***

continued

A representative from the School Board, Administration and Teachers will be made available to each of these committees and groups. Each year the School Board will set aside one portion of a meeting to evaluate its contributions to these groups and to assess innovative methods to maintain and improve positive and reciprocal communication with these benefactors.

5. To redesign the School Board agenda to include a curriculum or classroom presentation at each board meeting.

The School Board will provide the Principal with a list of presentations that they believe would be helpful to them. The Principal will present to the School Board a tentative December through June presentation schedule to include School Board requests as well as presentations he believes will be informative and useful.

It is always helpful for a Superintendent of Schools to receive input from the community. It is my hope that all members of the community would feel free to contact our office at any time. Thank you for your cooperation and support.

Sincerely,

Robert A. Patterson, Ed.D., Superintendent
School Administrative Unit #6

PRINCIPAL'S REPORT

January 2000

The Cornish School rode the millennial wave this past fall, and entered the new century standing strong, and ready to fulfill its primary charge of educating the children of this outstanding community. We have had a busy and eventful year since my last report. Here are some highlights.

Curriculum Development: We have finished writing and have published our new K-8 Curriculum Summaries. These have been distributed to parents and are available to community members upon request. These summaries detail what we are teaching, grade by grade, in all subject areas throughout the school. We continue to look at new and better ways to communicate this kind of information to the community. Please let us know what you think of this format and effort.

Math Instruction: Cornish math teachers completed a review of their programs this year and settled on a new math series for K-4. *Mathland* employs many of the best methods and practices as noted in the research from the National Council of Teachers of Math (NCTM). We have also designed programs in all grades to better support the instruction of more traditional methods. Just as in reading, where we strongly support the teaching of phonics as part of a well-rounded program, we have chosen a path that we believe takes the best from both the old and the new.

French: What started out as a relatively modest step into the teaching of French in Cornish, following the School District vote last year to add foreign language instruction to the curriculum, has turned into quite a leap. In April, we were notified that the school had been awarded a three year Federal Language Assistance Program (FLAP) grant by the Department of Education. The total grant is for \$265,000.

This grant has allowed us to hire a full-time teacher, purchase texts, computers and networking services, and support intensive staff development. It has also provided significant funds for a four-day seventh and eighth grade trip to Quebec which was taken last October by thirty-three students. It will also provide significant funds for our upcoming eighth grade immersion trip to France as part of our ongoing exchange program with our "sister" schools in Aspet and Saint-Gaudens, France. For more information, please contact the school's French teacher Bruce Pollard, Susan Borchert who was primarily responsible for the writing of this grant, or me.

Technology: The Cornish School is now networked and on-line. With a combination of local, state and French grant funding we have created the capability for multiple users to be connected at one time. This is a giant step forward for both students and staff.

Arts and Enrichment: Not to be outdone, our enrichment coordinator, Kathleen Maslan, submitted a grant proposal to the NH State Council on the Arts to conduct an artist-in-residence program. The Cornish School was awarded \$2700 to support a residency by Pontine Movement Theater focused on theater skills and inspired by the life and work of Maxfield Parrish. Those who saw the final performance by fifth grade students were truly impressed.

Of course, there is so much more to say...and, so little room to say it. Please be sure to read the school's weekly newsletter for the most up to date news about your school and your children.

As always, we thank the Cornish community for its wonderful support and generosity.

Respectfully submitted,

Scott O. Kalter, Principal

HOT LUNCH REPORT
For the 1998-99 School Year

During the 1998-99 school year a total of 17,466 lunches were served. This total includes 13,064 full priced lunches, 1,139 reduced priced lunches and 3,263 free lunches. All free and reduced lunches are subsidized by the federal government. We also served 787 staff lunches.

Many thanks to all who support and participate in our hot lunch program.

Respectfully submitted,

Norma Garcia
Lunch Manager

BUILDING MAINTENANCE COMMITTEE

January 2000

The Building Maintenance Committee of the Cornish Elementary School is now completing its fifth year. It continues to operate with the charge of overseeing the timely maintenance of the school's buildings and grounds to assure the health and safety of all occupants with the most efficient use of taxpayer funds. The current members of the committee are:

Mike Monette

Dick Baril

Steve Wilkie

Doug Freeland

Scott Kalter

Curt Wyman - chair

During the summer a variety of projects were pursued to completion. The last three ceilings were replaced with a vapor barrier and fire code approved drop ceiling tiles were installed.

The smaller oil furnaces have been upgraded with standard burners to ease maintenance and a cross pipe was installed between the old and newer systems to more efficiently heat the school in cool weather.

A large portion of the school was repainted to help extend and enhance the appearance of the school.

The fire alarm system was upgraded to better protect the school. This same type of system is used in other town buildings as well. A big plus is the fact that the maintenance tech is local and can respond very fast to solve problems.

A reassessment of the liability of the school and our responsibility to best protect the people prompted us to have serious discussions with various department heads of the town to try and come to a consensus on what to do to minimize the danger of people entering and exiting the east side of the school when ice and snow hang off the edge of the roof. We hope to offer a solution to this problem at some point in the near future.

Various discussions to upgrade the interior (bathrooms, halls, certain classrooms) after years of hard use has pushed us into considering resolutions to address these areas. One of these areas is the cooler/walk-in freezer. Originally slated this year to have the compressor replaced, was put on hold. Because of the overall poor insulation and the fact that it is 50% smaller than it should be, has forced us to reassess the whole deal. Therefore, we are working with our service contractor for a solutions.

Curt Wyman, Chair

FACILITY STUDY COMMITTEE

JANUARY 2000

The Facility Study Committee enters its third year with the completion of the community's second project. Thanks to all of you who supported and even raised the appropriation to renovate our Science Room. Through your generosity, we were able to vastly improve the appearance, the storage, and the working space in the room. Private contributions have continued into the year and have paid for equipment purchases to complete the transformation and allow a more "hands on" participative curriculum.

We now have the right space to support the curriculum we want to deliver in kindergarten and middle school science. That is not the case with a number of other programs in the school: Special Education, Title I, Reading Recovery, and Occupational Therapy all suffer not only from lack of space for the number of people served, but from the lack of "private spaces" for tutoring, conferences, and testing. Our administrative offices are cramped and noisy, as is our cafeteria according to parental surveys.

Kindergarten construction allowed one class to move into the old room. The population has gone down, but we still have multiple grades with more than one class. Art and Music have had a temporary home for two years in the portable classroom. The space is not ideal for teaching classes, but it has made many more activities possible than would have been practical with materials scattered and gathered daily for classroom visits. Both Art and Music receive strong support from private funding to enrich the curriculum; it seems only fair that the school continue to provide adequate space for these programs.

The Facility Study Committee recommends the School Board begin plans to build and equip a classroom to be constructed adjacent to our new kindergarten. With proper storage and insulation, the space could hold Art and Music and address some other needs when they are not in session. The Facility Study Committee recommends the space be built before the portable classroom is removed. It seems counterproductive to put Art and Music "on a cart" again while we build, when for \$6600., we can save the disruption of our programs and staff. The Committee did not recommend building last year due to the immediate need for money for the Science Room and the burden of the remaining bond payments on the heating system replacement. We will be seeking your support, or even contributions, to build a more permanent home for Art and Music or more. The Committee also welcomes input or participation from any of you as we seek to develop a plan for the school facility of the next century that will promote the success of the programs the community has chosen to offer.

Jim Jordan and Mark Woodcock: Chairpersons	
Dick Baril	Caroline Storrs
Scott Kalter	Pat Pinkson-Burke

SCHOOL NURSE REPORT

1998-99

During the 1998-99 school year, I was the school nurse for a total of 18 hours per week. The enrollment was 240 students.

While the Cornish students continue to remain fairly healthy, the percentage of students with chronic health disorders (i.e. asthma, diabetes, seizure disorder) continues to rise. Individual Health Plans (I.H.P.'s) must be developed for each of these students. Health screenings (height, weight, blood pressure, vision and hearing) were conducted on all first through eighth grade students. Referrals were made resulting in several new pairs of glasses on students. Scoliosis screening (curvature of the spine) was performed on the fifth through eighth grade students.

Immunization audits were done on all student health records. The State of NH requires all students entering seventh grade have a second MMR (mumps, measles, and rubella) booster vaccine. Therefore, a free immunization clinic was held in school with many students participating. Periodic scalp inspections were performed throughout the year to inspect for head lice. Isolated cases were discovered, but due to the hard work and vigilance of parents, we were able to avoid the out-breaks that some other communities have experienced.

I have continued to work with teachers, guidance, and administration in the ongoing development and implementation of health education programs. Health education is essential to enable students to acquire the knowledge and skills necessary to promote healthy lives. In addition, the school nurse continues to work with teachers to bring health related speakers and programs to the school.

In the 1998-99 school year, approximately 2000 unscheduled student visits were made to the nurses office. This does not include scheduled visits for medication, physical exams, classroom time, or visits to the school secretary's office when the nurse is not available.

The rise in demand for nursing services, combined with the limited hours allotted, make it increasing difficult to meet the expanding expectations of this position.

Respectfully submitted,
Ilsa Pinkson-Burke, RNC

**MINUTES OF THE ANNUAL MEETING
CORNISH SCHOOL DISTRICT**

March 6, 1999

The annual meeting of the School District of the Town of Cornish, N.H., was held on March 6, 1999, at the Cornish Elementary School. Leland Atwood, Robin Monette, and Ruth Rollins were sworn in as Supervisors of the Checklist by School District Clerk Kathryn Patterson who also swore in Lois Fitts, Dale O'Connor, Sandra Redlands, and Stacy Tyo, as Ballot Inspectors. Moderator George Edson swore in Kathryn Patterson as Assistant Moderator.

Assistant Moderator Patterson opened the meeting at 10:00 a.m. After declaring a quorum present, she opened the polls for voting on Article I by paper ballot. Moderator Edson called the business meeting to order at 1:00 p.m. with a Pledge of Allegiance to the Flag.

Ray Evans presented former Cornish Elementary School student Eric Atwood with the 4th Annual Outstanding Young Citizen Award. Eric, an honor roll student, graduated from Stevens High School and earned an Associate's Degree from the New Hampshire Technical College in Manchester. His outstanding memory of Cornish was the teacher who spent extra time to help him understand his school subjects.

Moderator Edson then introduced the School Board Members, the Supervisory Union personnel in attendance, Principal Scott Kalter, the District officers, and the election officials.

Article I: (Election of Officers)

There were 314 ballots cast.

SCHOOL BOARD - Susan Borchert was elected to a three-year term with 172 votes. **Terrie Scott** was elected to a three-year term with 179 votes. Michael Ackerman, Sr., received 142 votes, and Jim Strout received 48 votes.

MODERATOR - George Edson was elected to a one-year term with 296 votes.

TREASURER - Brenda Jordan was elected to a one-year term with 292 votes.

SCHOOL DISTRICT CLERK - Kathryn Patterson was elected to a one-year term with 301 votes.

Article II: (Hearing of Reports)

Brenda Jordan noted that there were two computational errors in the Treasurer's report on page S18. The "Received from Selectmen" amount should be \$1,670,518 and the "Received from Other Sources" amount should be \$221,594.17.

Ruth Rollins **moved** that the District accept the reports of agents, committees, or officers chosen as reported in the *232nd Annual Report* and pass any vote relating thereto. The motion was **passed** by a voice vote after a **second** by Helen Lovell.

Article III: (Main Budget)

Ray Evans **moved** that the District raise and appropriate the sum of \$2,340,482 for the support of schools, for the salaries of District officials, agents and employees for payment of statutory obligations, and to authorize the applications against said appropriation of such sums as are estimated to be received from the State equalization and building funds, together with other income, the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriations, which balance is to be raised by taxes by the Town. The above amount includes \$2,252,947 for the general fund, \$43,935 for the school lunch fund, and \$43,600 for the federal projects fund. The motion was **seconded** by Brenda Jordan. During the section-by-section review of the budget, questions were raised and comments made. The issues of main concern were special education costs and the fact that they are federally mandated but not federally funded, supervisory union membership costs, and how to solve the sudden increase in tuition charges from Windsor High School in a clear, consistent, and affordable manner.

Richard Thompson **amended** the main motion to increase the appropriation by \$27,296. This would raise the tuition cap to \$7400 for the 1999-2000 school year rather than the \$7,035 cap that was used to figure the tuition amount in the proposed budget. This increase would change the amount to be raised and appropriated to \$2,367,778. The motion to amend was **seconded** by Alan Penfold and **voted in the affirmative** on a voice vote.

The **amended main motion**, to raise and appropriate the sum of \$2,367,778 for the support of schools, for the salaries of District officials.... was **passed** by paper ballot vote with 218 votes cast: 169 yes and 49 no.

Article IV: (Deficit Appropriation)

The **motion** was made by Richard Thompson that the District vote to raise and appropriate the sum of \$55,000 as a deficit appropriation to cover additional unanticipated Special Education costs in the 1998-99 school year. The motion was **seconded** by Barbara Rawson. This money is needed to pay for the increased costs of providing federally mandated services for special education students identified under federal laws. This cost was not anticipated when the School Board presented their appropriation request at last year's District Meeting. Peter Burling asked the District to sign the resolution he had drafted requesting that the federal government pay its share of their unfunded mandate. The motion was **passed** by a voice vote.

Article V: (Foreign Language Program)

Brent Edgerton made the **motion** that the District raise and appropriate the sum of \$19,244 to hire a foreign language teacher and to purchase supplies to establish a foreign language program at the Cornish Elementary School. The program would be for the middle school students as a required class for the 5th and 6th graders and as an elective for the 7th and 8th graders. After a **second** by Kate Freeland, the motion was **passed** by a show of hands: 102 yes and 89 no.

Article VI: (Building Improvements - Roof Capital Reserve)

Curt Wyman made the **motion** that the District vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of school building roof replacement and to raise and appropriate the sum of \$4,000 to be placed in this fund. The motion was **seconded** by Barbara Rawson. It was **passed** by a voice vote.

Article VII: (Building Improvements - Heating and Ventilation System Capital Reserve Fund)

It was **moved** by Curt Wyman, **seconded** by Alan Penfold, that the District vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of school building heating and ventilation system upgrades and replacement and to raise and appropriate the sum of \$3,000 to be placed in this fund. The motion was **passed** by a voice vote.

Article VIII: (Building Improvements - Moving and Reconstructing of Roadway)

Curt Wyman made the **motion** that the District vote to raise and appropriate the sum of \$20,000 for the reconstruction and moving of the road beside the Cornish Elementary School. Will Reed **seconded**.

Alan Penfold then made the **motion to amend** the main motion to ask the District to raise and appropriate up to \$20,000 for the reconstruction and moving of the road beside the Cornish Elementary School with funds to come from the existing Cornish School Building Fund. His motion to amend was **seconded** by Dale Rook. There was much discussion as to the need for this moving and reconstruction. The suggestion was made to divert traffic during the times of snow and ice build-up on the roof to reduce the hazard. The motion to amend **failed** on a show of hands, and the original motion **failed** by a voice vote.

Article IX: (Building Improvements - Ceiling Replacement in Three Classrooms)

Richard Thompson made the **motion** that the District raise and appropriate the sum of \$7,000 to replace the ceilings in three classrooms at the Cornish Elementary School in the upper wing. These are the final repairs required as a result of the State Fire Marshal's report. His motion was **seconded** by Jim Borchert and was **passed** by a voice vote.

Article X: (Building Improvements - Science Room Improvements)

The **motion** was made by Richard Thompson to see if the District will vote to raise and appropriate the sum of \$7,000 for the purpose of funding certain improvements, i.e. cabinets, electric outlets, sinks, and plumbing, to the science room at the Cornish Elementary School. Peter Lynch **seconded** the motion.

Jim Strout made a **motion to amend** to increase the amount to be raised and appropriated by \$3,000 to \$10,000. Len Rudolf **seconded** the motion to amend. It was **passed** by a voice vote.

The **amended main motion**, to raise and appropriate the sum of \$10,000...was then **passed** by a voice vote.

Article XI: (Discontinue a Capital Reserve Fund)

Terri Scott made the **motion, seconded** by Ruth Rollins, that the District vote to discontinue the Block Grant Fund established in 1986. Said funds, with accumulated interest to the date of withdrawal, are to be transferred to the School District's general fund. The Fund balance as of December 31, 1998, was \$3,156. The motion was then **passed** by a voice vote.

Article XII: (Appropriation for Textbooks)

The **motion** made by Terrie Scott and **seconded** by Helen Hodgeman that the District vote to raise and appropriate the sum of \$3,156 for the purchase of additional textbook was **defeated** by a voice vote.

Article XIII: (Changing Purpose and Name of a Fund)

Terry Scott made the **motion** that the District vote to change the name and purpose of the existing capital reserve fund from New Building Fund to the Building and Site Improvement Capital Reserve Fund. Alan Penfold **seconded** the motion which was **passed** by a show of hands.

Article XIV: (Other Business)

Ray Evans thanked Richard Thompson on behalf of the School Board and the District for his six years of service as a School Board member. He was given a standing round of applause.

Ellen Ballard suggested that District voters check out a web site sponsored by New Hampshire Public Radio that will compare the impact of various tax proposals when they type in their income and property tax information.

After a **motion** by Ruth Rollins and a **second** by Reign Rock, the meeting was **adjourned** by a voice vote at 5:55 p.m.

Respectfully submitted,
Kathryn Patterson, Clerk

CORNISH SCHOOL BUILDING FUND

The Cornish School Building Fund is a result of the Capital Fund drive conducted during 1988 to help pay a portion of the cost of the addition to the school. The proceeds of the fund drive, and interest earned on those contributions, have been used to cover the interest payments to date and to purchase some additional items that were not covered in the original contract price.

Reconciliation (June 30, 1999)

Total Pledges	\$357,376
Pledges Paid to Date	\$333,576
Percentage of Pledges Paid	93%
Pledges Remaining	\$ 23,800

-----INCOME-----		-----EXPENDITURES-----	
Pledges Paid to Date	\$333,576	Interest Paid to Date	\$313,462
Interest Earned	37,254	Equipment & Misc. Exp.	19,233
TOTAL INCOME	\$370,830	TOTAL EXPENDITURES	\$332,695

Ledger Balance = \$370,830 - 332,695 =	\$38,135
Fund Balance (Savings - 6/30/99) =	\$38,135

On July 1, 1999, only fourteen pledges remained unpaid. Several of those were delinquent and may not be paid in full since the fund drive was completed in summer 1988.

Cornish School Building Fund June 30, 1999 Fund Balance

Fund Balance as of June 30, 1998	\$37,347.70

THE TASKER ENDOWMENT FUND

An endowment fund is in the process of being established to further enhance the quality of life in the towns of Cornish, Plainfield, and Meriden. An initial gathering of interested Cornish residents took place at the Grange Hall on Wednesday, September 10, 1997 with about twenty-five attendees. It was then determined that we would join forces with Steve Taylor of Meriden who had just established a fund with identical goals to benefit the three towns. We then met with Alan Cantor of the Upper Valley Charitable Foundation which will administer the Fund and establish several initial objectives:

1. Compose a list of volunteers to help get the Fund established. (The Fund becomes a functioning advised Fund when it achieves \$25,000.00 in donations.)
2. Prepare an informational flyer.
3. Create a list of ten projects that would benefit the communities.

We are currently working on the above list.

Steering Committee
Ray Evans
Brenda Jordan
Steve Taylor

**2000 SCHOOL WARRANT
Cornish School District
State of New Hampshire**

To the inhabitants of the School District in the Town of Cornish qualified to vote in the District affairs.

You are hereby notified to attend the Annual District Meeting at the Cornish Elementary School Gymnasium on Saturday, March 11, 2000 at 10:00 a.m. to act upon the articles set forth in this warrant.

Article I of the Warrant will be voted upon by official ballot from the checklist and the polls will remain open for this purpose from 10 a.m. in the forenoon until 7:00 p.m. in the evening.

The business session of the School District meeting will commence at 1:00 PM. in the afternoon at which time the remaining articles will be acted upon.

ARTICLE I (Election of District Officials)

To elect a Moderator, Clerk and Treasurer for one-year terms and to elect two members of the School Board, both for three year terms.

ARTICLE II (Hearing of Reports)

To hear reports of Agents, Committees or Officers chosen and pass any vote relating thereto.

ARTICLE III (Main Budget)

To see if the School District will vote to raise and appropriate the sum of TWO MILLION SIX HUNDRED THIRTY-SEVEN THOUSAND ONE HUNDRED FIVE DOLLARS (\$2,637,105) for the support of schools, for the salaries of District officials, agents and employees for payment of statutory obligations, and to authorize the applications against said appropriation of such sums as are estimated to be received from the State equalization and building funds, together with other income, the School Board to certify to the selectmen the balance between the estimated revenue and the appropriations, which balance is to be raised by taxes by the Town. The above amount includes \$2,481,664 for the general fund, \$45,977 for the school lunch fund, and \$109,463 for the federal projects fund, including the second year of the French grant.

(The School Board Recommends This Article.)

ARTICLE IV (Deficit Appropriation)

To see if the School District will vote to raise and appropriate a supplemental appropriation of EIGHTEEN THOUSAND FIVE HUNDRED DOLLARS (\$18,500) to cover additional unanticipated special education costs in the 1999-00 school year.

(The School Board Recommends This Article.)

ARTICLE V (Pipe Replacement)

To see if the School District will vote to raise and appropriate the sum of SIX THOUSAND TWO HUNDRED DOLLARS (\$6,200) as the School District's share of the costs for replacing 660 feet of pipe that serves as an outflow from the fire pond next to the highway department shed, traveling under the softball field and fairgrounds before exiting along North Parsonage Road.

(The School Board Recommends This Article.)

ARTICLE VI (Freezer Replacement)

To see if the School District will vote to raise and appropriate the sum of TWENTY-FIVE THOUSAND DOLLARS (\$25,000) to replace the freezer unit presently in use for the school's food service program.

(The School Board Recommends This Article.)

ARTICLE VII (Portable Classroom)

To see if the School District will vote to raise and appropriate the sum of SIX THOUSAND SIX HUNDRED DOLLARS (\$6,600) to continue the existing lease for the present portable classroom.

(The School Board Recommends This Article.)

ARTICLE VIII (Other Business)

To transact any other business that may legally come before this meeting.

GIVEN UNDER OUR HANDS AND SEAL AT SAID CORNISH this 25th day of February, 2000.

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Cornish School District
Cornish, New Hampshire

We have audited the accompanying general purpose financial statements of the Cornish School District as of and for the year ended June 30, 1999 as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Cornish School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Cornish School District, as of June 30, 1999, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

The Unaudited Supplementary Information on page 19 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and do not express an opinion on it. In addition, we do not provide assurance that the Cornish School District is or will become year 2000 compliant, the Cornish School District's year 2000 remediation efforts will be successful in whole or in part, or that parties with which the Cornish School District does business are or will become year 2000 compliant.

*Cornish School District
Independent Auditor's Report*

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Cornish School District taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Cornish School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.
